Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Richard Ferry

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Janet Kenney

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Kevin Milam

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

The world needs to get out of using coal--let's get on with 21st century technology and leave the dirty antique stuff behind. I lived with coal furnaces as a child and then had to ultimately clean out a coal bin for other uses. What a horrid task to inflict on anyone!!!!!! "Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

Let's face it. Any facilitation of the coal industry is merely prolonging its death. The future is renewable and coal is a primitive form of energy production. Old men may still like it, but they have chosen to hang on to the past. "Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Michael McLaughlin

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Doug Johnston

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Ok H JERRY

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Michael Martinez

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification." PLEASE DO THE RIGHT THING.

Sincerely,

Maureen Murphy Murphy

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification." This terminal should be named "Millennium Head Pollution Center". That is not good for WA State. This is not good for the West. This is not good for the USA. We don't need this terminal for coal. We don't need the coal business at all. Please do not allow this to be built at all.

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

Please, Washington State! Reject the "Millennium Bulk Terminals' application for Section 401 Water Quality Certification. This coal export terminal would set us back into the economically stupid and environmentally disastrous coal age. It would everely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Ursula Clark

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Jill Irwin

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Cynthia Brown

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

My husband & I are begging you to reject Millennium's application for section 401 Water Quality Certification. We have been to your state several times & fell in love with it . You have to know how pristine it is. Your state isn't the only one involved in this cheap political ploy that Donald Trump is making to benefit his friends & donors in the fossil fuel industry. Our whole USA & World will be threatened by this .Climate Change is real & it is our duty to do something about it. "Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification." Science is Real! We have to start protecting Mother Earth. Trump knows nothing about this other than making lots of money no matter what the cost to the environment & the people. He will soon turn our Country into a third world toilet. Please take our plea seriously. Thank you, Sincerely, Larry & Betty Kosola Leesburg FL 34748

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

As our allied countries around the world are pledging to divest themselves of fossil fuel energy, most especially coal, and as studies continually show that investment in renewable energy sources results in more long-term job creation, opening up new or expanding coal production in the US makes no economic sense, much less humane or environmental sense. Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification, to prevent the harm it would do, and encourage investment in ecologically and economically sustainable energy business in its place.

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Karri Schlegel

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Astrid Giese-Zimmer

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Shirley York York-Bassel

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Paul Judy

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

Let us focus our efforts and resources on developing clean energy for the future of our planet. This includes not only preserving the planet's climate, environment, and wildlife... but also the people of future generations. Train current coal workers in a skilled trade with safer and healthier working conditions. Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification.

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Rhoda Auerbach

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

I adopt the message below as my own. The project should never go forward: "Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Susan Harris

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Geoffrey Doman

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Cara Artman

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

Sincerely,

Chanda Michelle Farley

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification." The American people did not vote in 2016 to destroy a century of hard-fought conservation and protection of our irreplaceable natural legacy and our environment. This criminal junta, now that they have succeeded in destroying our democracy, is dedicated to giving away the natural assets of the United States and free reign to decimate our environment to the billionaires and mega-corporations that financed their fraudulent takeover of our government. These unlawful actions are in total contempt of the American people whose well-being and will you swore "under God" to uphold and protect..

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification."

How can I convince you that this is the death of the Northwest? I guess I can't because I don't have billions but what I do have is common sense-don't do this! It is the worst thing that you could possibly do to our planet at this stage of rapid change and what we do in the next 10 years is crucial to every living thing. Please, you have got to know that what you really should be doing is saving the world NOT screwing it up!

Re: Millennium Bulk Terminals Longview - Coal Export Terminal

"Millennium Bulk Terminals' proposed coal export terminal would severely impact water quality in the Columbia River, and countless streams and rivers would be harmed by Millennium's coal trains. The terminal will also harm local communities, wildlife and Native people and exacerbate runaway climate change. You must reject Millennium's application for Section 401 Water Quality Certification." THIS IS A CRITICAL AND URGENT REQUEST FOR REJECTION OF THIS MATTER!!

Sincerely,

Harold J Tipping
