I just spoke with others here at Ecology, and we will allow the extension through July 31st as requested.

Thank you!

Regards,

Clifford Nale, LG
Cleanup Site Manager

Unfortunately, it is still not enough time. DSI is also coordinating with AML and their counsel is out until the third week of July. Kim

Ms. Johannessen,

We have extended the public review period for the RI to July 15th. Will that be sufficient for your needs?

Regards,

Clifford Nale, LG
Cleanup Site Manager
Toxics Cleanup Program, NWRO

Dear Mr. Nale and Ms. Waldref: I am writing on behalf of Duwamish Shipyard, Inc. to request a thirty-day extension of the comment period on the Public Review Draft of Remedial Investigation Report for the Glacier NW site. Our lead project manager at Anchor QEA is on vacation and will not return until July 7th, and DSI, other members of our other Anchor QEA project team, and I are all unavailable between now and June 30th to review the report and assist in preparing comments. I would appreciate it if you would grant an extension of the public comment period until July 31, 2026. Thank you for your kind consideration of this request. Kim
