

Daniel Schnabel

Dear defenders of the ecosystem,

As a resident of Cowlitz County and a Christian pastor, I implore you to deny the permit to allow the Millenium Bulk Coal terminal to be built. On a personal level, the terminal would threaten the quality of life for me and my family, endangering the waters of the Columbia River and its delicate ecosystems. It would also pose a health risk resulting from increased air pollution in our neighborhood.

On a spiritual level, the terminal would represent an abdication of our responsibility to be good stewards of God's good earth. In the long term, we are here to care for Creation.

Thank you for your time. I trust that you will do the right thing. Pastor Dan Schnabel
