Jocelyn,

You are so welcome, I know how much effort goes into writing these, reviewing and incorporating comments etc.

If you would like to use my original email as a comment, you have my blessing. Positive comments are the best ones to give... and receive!

Take care,
Patsy

Patsy,

Thank you so much for the kind words. It was a very nice way to start my Monday!

If it is what is intended, I will include this as an official comment of our comment period.

If not, would you consider submitting official comments on the rule? It is always so important to hear the positive feedback during a comment period as well as those who have critiques. Any specifics you could provide in this case would be welcome as well.

Thank you again. I appreciate that you took time to review the rule and let us know what you think.

Cheers,

Jocelyn

Hello Jocelyn,

I've read through the proposed language for 173-219 WAC. I wanted to let you know that this is probably the best set of rules I've read on this topic and I've read recycled rules in many, many states. Nice job. This will be a great foundation for recycled water use and safety in Washington.

Subject: Public Comment Period begins for Reclaimed Water rule - Chapter 173-219 WAC

Dear interested party,

Today, the Department of Ecology filed the [CR 102](#) and released [proposed Chapter 173-219 WAC](#) for public review and comment. This includes a [Preliminary Regulatory Analyses](#).

As you may recall, Ecology last held a public comment period on this chapter in the fall of 2015. In response to comments we withdrew that proposal. Since then, we've been working with our partners at the Washington State Department of Health, as well as our Reclaimed Water Rule Advisory Committee, on this new proposal.

We invite you to participate in a public comment period from August 23, 2017 – October 13, 2017

to let us know what you think.

You can find the rulemaking documents, including a copy of the proposed draft rule language at www.ecy.wa.gov/programs/wq/ruledev/wac173219/0612/0612timedocs.html

Many ways to participate during the comment period

1. **Provide comments through our eComments site:** <http://ws.ecology.commentinput.com/?id=iTbD5>
