

Sunny Speidel

Pls deny Imidacloprid use for shrimp control in Grays Harbor. This neonicotinoid pesticide kills bees and other pollinators and can also devastate aquatic invertebrates and animals that rely on them for food.

Thank you,
Sunny Speidel

Hypnotism is **SUPER AWESOME!**
Your eyelids are feeling very heavy. Breathe
and count slowly backward from 10. That's right,
this card just hypnotized you. You need to go back
to the place where you bought these and buy all
that they have left. When you wiggle your fingers, you
will awaken feeling refreshed. SNAP!
