

## Jake Hodie

So many of our waters have already been ruined by development, drilling, pollution, and humans.

Enough is enough!

Our waters are supposed to be a place of peace and quiet for us, and the fish and wildlife which live in them and/or rely on them!

The animals are running out of places to live and be safe. Our fish and wildlife are under threat from so many angles. They desperately need to be protected, mainly from humans.

Life is hard enough for people, let alone the animals.

Can't we please offer them some much needed help?!

PLEASE save the waters for all future generations before they are permanently ruined. Some damage cannot be undone!
