Keep Wa coast remote. Feeling green about energy resources, I hope those more knowledgeable can find a way to keep it remote. Looking at Hwy 101 1930s photo to 1980 photo is heart wrenching. no casino on the beach or even close to 101.

LaPush, your photo, is part of me.

I am late to the MSP, living in SWWa, away from TheSalish Sea ,Puget Trough. And environmental thinking of our precious Coast.

Remote is my best word.
