WWA Phase II	General	29	<p>The current 2013 Phase II MSP, provides that "the local program adopted to meet the requirements of S5.C.4.a(i) through (iii), below shall apply to all applications submitted on or after January 1, 2017 and shall apply to applications submitted prior to January 1, 2017, which have not started construction by January 1, 2022." The draft 2019 Phase II MSP updates that provision in S5.C.6.i to apply to all applications submitted "on or after December 31, 2021," but does not update the start construction dates in S5.C.6.ii accordingly, leaving that portion applicable to applications submitted prior to January 1, 2017 that have not started construction by January 1, 2022. The dates in S5.C.6.ii should also be updated to reflect the 2019 update, specifically that portion should be changed to apply to all applications submitted "prior to December 31, 2021 that have not started construction by December 31, 2026."</p>
