Hey all! Can you spare 2 minutes between now and this Friday (May 10) to take local action to improve water for our salmon and beloved orcas right here in the Nooksack River watershed?

All you have to do is ask Ecology to:

- 1) Prioritize water conservation for rural homes and businesses as the key offset project.
- 2) Keep the 500 gallon per day limit.
- 3) Keep the outdoor watering limit.
- 4) Employ a cost-benefit analysis, funding availability and certainty of success criteria to rule out poorly conceived mitigation projects.
