

Lucas Drawdy

Hello Kerry,

I hope all is well, you and your family are healthy, aswell as everyone is enjoying the sunny weather
My Name is Lucas Drawdy, I live in the central part of Tacoma, I am the Vice Chair for the South
Sound Surfrider foundation.

I am deeply concerned about toxic contamination from the Occidental Chemical Corporation.

Part of what I love about Tacoma is its story of moving from a historical legacy of industrial
pollution to a community with a revitalized connection to its waters. Commencement Bay, including
the Hylebos Waterway, is a source of pride for both myself and the larger community and it
deserves a full and long-lasting cleanup.

The contamination from Occidental is staggering. Hundreds of thousands of pounds of toxic,
cancer-causing chemicals are spread under the site, the Hylebos Waterway, and potentially
Commencement Bay. The pollution is so bad, it actually dissolves rock into jelly.

In order to cut costs, Occidental Chemical Corporation is setting the stage to be able to walk away
from this mess without a comprehensive cleanup. Occidental is proposing a cleanup plan that would
leave nearly two thirds of their pollution in the ground – highly toxic pollution right underneath a
vulnerable aquatic ecosystem.

This is absolutely not acceptable - this is not acceptable for me, for my family, for my community,
or for my environment. Tacoma deserves more.

We cannot afford to let Occidental walk away from their mess – they must be held accountable for
the strongest cleanup possible. I urge Ecology to choose a cleanup plan that removes as much toxic
pollution as possible. We cannot allow the profits of polluters to outweigh the importance of
environmental protection.

Occidental should not be able to argue that it's too big of a mess – they created it and they should
clean it up. For the safety of our environment, Ecology needs to hold them fully accountable for a
real cleanup to the "maximum extent practicable" as required by the Model Toxics Control Act.
What Occidental is proposing is unacceptable.

Sincerely,

Lucas Drawdy
