

City of Federal Way

This is Britt McGrath – Public Education and Outreach Coordinator on behalf of the City of Federal Way. I will be providing a cost breakdown on the demonstrable costs of education and outreach and recycling contractor costs for the battery recycling program provided to residents in Federal Way.

Education and Outreach.

In December 2024 the City introduced a free to the public city wide battery recycling drop off at 8 locations throughout the city and subsequently did a city wide mailer to educate and inform about this program.

Citywide postcard mailer: \$24,322.05

Recycling Contractor Cost

Since introducing the 8-site program, sites are scheduled for bi-monthly pick-ups from our selected contractor. Below are the monthly pick up and recycling costs billed by the contractor for December 2024 – January 2025

December 2024: \$568.06

January 2025 (to date 1/29): \$595.95

The information provided is for consideration in the rulemaking process.
