

Dianne Kocer Kocer

Mitigation plan goals and overarching principles

Do not use funds to convert from diesel to propane or natural gas. That is substituting one fossil fuel for another. Logically, funds essentially from a fine on fossil fuel pollution should be used to facilitate the move from fossil fuels to renewable energy sources.

Priorities

Do not use funds to convert from diesel to propane or natural gas. That is substituting one fossil fuel for another. Logically, funds essentially from a fine on fossil fuel pollution should be used to facilitate the move from fossil fuels to renewable energy sources.
