**Subject:** Against Westrock expansion

Hello Stephanie, I'm against the proposed expansion because I don't want to go back to Tacoma being smelly. Also, I'm concerned that the accumulation of all the agencies emitting pollution, even tho all are under mandated levels, will increase the overall problems. I'd rather see Westrock use some innovative technology to REDUCE their emissions. . . thank you, Lynn Di Nino, 2313 N 29th St., Tacoma WA 98403, 253 396 0774
