

Mark E. Bender

The National Weather Service has just issued an air stagnation alert for NE Washington for the next week for a high pressure ridge to maintain "pollution levels that will increase to unhealthy levels".

[https://forecast.weather.gov/showsigwx.php?warnzone=WAZ037&warncounty=WAC051&firewxzone=WAZ686&local_place1=8 Miles S Newport WA&product1=Air Stagnation Advisory&lat=48.0666&lon=-117.0756](https://forecast.weather.gov/showsigwx.php?warnzone=WAZ037&warncounty=WAC051&firewxzone=WAZ686&local_place1=8Miles%20S%20Newport%20WA&product1=Air%20Stagnation%20Advisory&lat=48.0666&lon=-117.0756)

How will PAC West mitigate already unhealthy air standards that currently exist in this air shed for increased levels of pollution?

Thank you!
