

# Randall Herzon

This proposed Smelter raises many concerns in which the majority of residents of both Eastern WA and Northern Idaho are extremely opposed.

- 1) Pollution: Air & Water Quality
- 2) Short Term Impacts on Human Health
- 3) Long Term Impacts on Human Health
- 4) Short and Long Term Impacts on local Wildlife & Surrounding Land & Habitats
- 5) Increased Truck Traffic on Highway 41.
- 6) Increased Noise Pollution
- 7) Disruption of lifestyle all local residents surrounding the Smelter especially those whose properties border the proposed Smelter Site and those that border or are near Highway 41.
- 8) All the alleged illegal or questionable proceedings in regards to the purchase of said site.
