

## Milton Kapner

I moved to Priest River Idaho 3 years ago to enjoy the clean air, pristine water, and healthy environment.

The pending Smelter will pollute the air and harm the environment.

I have specified how in the many full page Ads, "Stop The Smelter," I published in The Reader and The Beacon, as well as specifying the injurious impact on our air, water, and environment in my site:  
<http://stopthesmelter.com>
