Thanks Wade, for the follow up. I will share your recommendations with the team.

Thanks also for participating today. We will get the video recording posted as soon we can. The slides and meeting summary may take a couple of weeks.

Subject: RMP reporting

Thanks for the presentation today.

Just a comment on the 5 day reporting requirement.

15 days would be more realistic given technician paperwork, back office staff and system entry. Then compile data to report.

Small systems – although no annual fees, might be better to include in the annual reporting:

Many tracking systems will upload all repair data and not exclude based on system size

I know you guys will want to know repairs for everything

Thanks

Wade
