

## Catherine Caron

Dear Mr. Adam Saul, I grew up in the "Keep Washington Green" era, drawing posters in grade school to protect land, forests, water and wildlife - so let's do it, because in doing so we are protecting our own human lives, and the possibility of continued human life on earth. Climate crisis, brought to us by fossil fuel. Put the controls on our fossil fuel consumption. YES, Department of Ecology (Ecology), adopt Advanced Clean Cars II (ACCCII), the Heavy-Duty Omnibus Low NOx rule, and the fleet reporting requirement, and do it this year - Keep Washington Green - keep our air breathable. These rules are critical to reduce air pollution, improve public health, protect frontline communities, and increase access to the benefits of electricity as a transportation fuel. Over four million people in Washington live or work near diesel exhaust, and Black people, Indigenous people, People of Color and low-income people are disproportionately burdened by polluted air. Exposure to toxic tailpipe pollution such as NOx, Particulate Matter (PM), and Ozone is linked to higher rates of premature death, cancer, heart disease, and breathing problems like asthma in kids and adults. On top of the climate benefits, adopting ACCII allows zero emission vehicles (ZEVs) to be more accessible and affordable for consumers and saves them money in fuel and maintenance with the typical cost of electricity for charging an EV equivalent to \$1 per gallon of gasoline. In addition to ACCII, the Heavy-Duty Omnibus Low NOx rule and the fleet reporting requirement will help Washington experience statewide health benefits and identify trucking operations that would provide the greatest relief in air pollution exposure to overburdened communities. I am counting on Ecology to lead the transition into an all-electric future and by doing so, ensure an equitable and just transportation future for Washington! I strongly support the proposed Clean Vehicles Program rule. Thank you, Washington Department of Ecology, for your hard work on these Clean Vehicles Rules. Sincerely, Catherine Caron 323 E Augusta Ave Spokane, WA 99207
