

## David J Schonhard

1. The Cathcart Landfill was closed under 173-304 in 1992. Does this meet the applicable definition for -1-Closed municipal solid waste landfill-1-?
2. Many LFG extraction points (horizontal trenches and wells) have been decommissioned since closure in 1992. Do they need to be reported per 090(c)?
3. What designates positive pressure in 040(3)? Is the owner required to test the landfill under positive pressure?
