

Hanna Waterstrat

What questions do you have about this rulemaking?

How can the SEEP Office at Commerce support the CCA reporting effort? Let's talk!

What concerns do you have about this rulemaking?

Please keep in mind that state agencies who receive CCA funding may not be adequately resourced to meet reporting requirements, and may need training, technical assistance, and active communication.

What hopes do you have for this rulemaking?

I hope that state agencies actively participate in the rulemaking effort, and that SEEP can be a supportive partner to Ecology throughout this process.

What barriers might make it harder to participate in this rulemaking? What scheduling, accessibility, or other changes might make it easier?

If ECY would like to solicit additional feedback from state agency partners, SEEP has existing working groups that could be consulted to provide input.

What else would you like to share?

Thank you!
