

Don Steinke

Fund and require the Southwest Washington Clean air agency to conduct a continuous and vigorous public education campaign about the harms associated with tailpipe emissions and idling and rolling coal.

Work with reporters to publicize the air pollution data you have in your spreadsheets.

Publicize the health impacts of natural gas in homes and in the neighborhood.

Install a top tier air quality monitoring station at the Amtrak Station in Vancouver and/or near the intersection of I-5 and SR 14 in Vancouver by the rr tracks.
