

Zero Waste Washington (Heather Trim)

To Stacey Callaway,

Thank you for the opportunity to comment on the proposed rule language. We support much of the language, but the rule does not go far enough on cookware and kitchen supplies. These should be restricted as there are many safer alternatives in the market including new cast iron and stainless steel products. In fact, we are currently doing swap events for members of the public (especially vulnerable populations) and are providing these safer alternatives to participants.

Thank you for your consideration of our comments.

Sincerely,
Heather Trim
Executive Director
Zero Waste Washington
