Ecology must provide schedules for closure of the 216-A-29 Ditch, 216-A-36B Crib, 216-A-37-1 Crib, and/or 216-B-63 Trench. The applicable TPA milestone M-037-20 Due Date states "Submit concurrently with M-015-92B" and M-015-92B was deleted from TPA Appendix D. The applicable TPA milestone M-037-21 sets a schedule for a permit modification (for closure plan/Coordinated Closure Proposal) as "Within 270 days of the last CAD/ROD signature for the 200-EA-1 OU but no later than 9/30/2034" and there's no schedule for the 200-EA-1 OU in the new M-100 series TPA milestones.
