AUTHOR(S)	Clean Energy Coordination
DESCRIPTION	Ecology is studying the potential adverse impacts of battery energy storage systems in Washington – including ways potential negative effects can be avoided, reduced or mitigated. The scoping document provides initial information about the evaluation process and a general overview of battery energy storage.
REQUEST A COPY	The mission of the Department of Ecology is to protect, preserve, and enhance Washington's environment. To help us meet that goal, please consider the environment before you print or request a copy. **ADA Accessibility** The Department of Ecology is committed to providing people with disabilities access to information and services by meeting or exceeding the requirements of the Americans with Disabilities Act (ADA), Section 504 and 508 of the Rehabilitation Act, and Washington State Policy #188. Visit Ecology's website for more information. • Shorelands & Environmental Assistance Order Form
