

Garrett Waller

I am a resident of Snoqualmie. I am horrified of the thought of an ugly and unsafe battery storage facility in my neighborhood. We literally live in one of the most beautiful and visited places in the state and showcase an amazing waterfall, cute downtown, train, trails, a river, and a casino. Now they want to ruin it. Literally ruin it by throwing an ugly, dangerous, toxic, and noisy BESS in the middle of it. Awful people! If it must be built, and I do not believe it does, then do it away from schools and families and tourists attractions that feature the best of this beautiful state.
