A member of the public submitted a public comment by calling Meredith Waldref, Outreach Specialist on 2/13/2022 at 4:49pm. Below is a transcript of the voicemail comment:

"Block 79 East Cleanup Site. Toxic Cleanup Program. We are in the United States. You put down here Español and then Chinese. I'm German. Why don't you put it in German too? I mean I have to learn English. Why don't the Chinese have to learn English. Why don't the Mexicans have to learn English? You should put that in German too. I feel discriminated. Think about it, I really feel discriminated. I have to, I have to talk English. I cannot talk my language here. It would be nice if you guys would put it in German too. Thanks."
