

John McClellan

Hello - thank you for the opportunity to provide comments. Unfortunately, I only learned of this recently and would like to request an extension of the comment period. As the General Manager of Alderwood Water & Wastewater District, we have a direct interest in this topic. I have also heard from others in our industry wishing for a comment period extension as well.

Please extend the comment period for this proposed guidance.

Thank you,

John McClellan

Interim General Manager

Alderwood Water & Wastewater District
