

# Paddle for Life

Paddle for Life dragon boat event which raises funds for Clark County Veterans.

The event was cancelled due to toxic algae bloom in Vancouver Lake although no racing happened by any of the 35 teams, we still held a large picnic and raised enough monies to be able to donate \$22,500 to Veterans Assistance Program. To make Vancouver Lake a viable option the drainage issues need to be addressed. Dragon Boat community group could hold more events which would benefit the Vancouver WA community.
