Subject: I'd like to report an environmental issue. Cooke's Aquaculture

THIS EMAIL ORIGINATED FROM OUTSIDE THE WASHINGTON STATE EMAIL SYSTEM - Take caution not to open attachments or links unless you know the sender AND were expecting the attachment or the link

Please do not let any more of Cooke's Aquaculture pens in the Salish Sea. We are trying to clean Puget

Sound and surroundings up, and we certainly do not want any more aquaculture pens in the area.

ALL AQUACULTURE PENS SHOULD BE LOCATED ON LAND.....PERIOD....

To even think about letting another pen for steelhead is intolerable.

Please do everything you can to get ALL PENS LOCATED ON SHORE....where the waste can be handled

appropriately.

a favor of your reply is requested.

thank you

Jerry Dodson
