Please ban scrubbers. Marine ecosystem needs a healthy home to survive, but a huge loophole allows cruise ships to burn one of the dirtiest fossil fuels on earth - heavy fuel oil - by 'scrubbing' the exhaust and discharge the toxin-laden wastewater directly into the ocean. Amendment 2 represents a critical opportunity for the cruise sector to show that they are committed to ending environmentally harmful practices by agreeing to stop the dumping of all scrubber wastes in Puget Sound.

Please approve amendment #2 to ban scrubbers.
