Hot Tip: We want the MOU organizers to get enough comments supporting amendment #2 to ban scrubbers in Puget Sound, so your comment can be as simple as, "Ban scrubbers." But it will be more impactful if you write in your own words and relay your own experience and personal reasons why you want to protect this precious inlet. I've included some helpful talking points and resources to guide you below.

Point #1: Ban scrubbers. There is a yawning loophole that allows cruise ships to burn one of the dirtiest fossil fuels on earth - heavy fuel oil - by 'scrubbing' the exhaust and discharge the toxin-laden wastewater directly into the ocean. That's why I support amendment #2 to ban scrubbers.

Point #2: This is a huge opportunity for the cruise sector to show that they are committed to changing their polluting ways by agreeing to end the dumping of all scrubber wastes in Puget Sound. Please approve amendment #2 and ban scrubbers.

Point #3: Marine ecosystem needs a healthy home to survive. The COVID-19 pandemic has been an ongoing tragedy on a global scale, but the resulting cessation of cruise vessel traffic in the Puget Sound has been a welcome reprieve from the water pollution these ships create. That's why scrubber dumping cannot return to the Sound. I support amendment #2.
