I live along the shores of Puget Sound, and swim in their waters daily. NO WAY I WANT TO BE SWIMMING IN THE FILTH FROM CRUISE SHIPS, OR EATING FISH AND SHELLFISH SUBJECTED TO IT EITHER!!!

SO ... PLEASE BAN SCRUBBERS!!! WHY do you allow cruise ships to discharge their toxin-laden wastewater directly into the ocean? Cruise ships must agree to end the dumping of all scrubber wastes in Puget Sound. PLEASE! Scrubber dumping MUST NOT return to the Sound.

I RESOUNDINGLY support amendment #2.
