

## Catherine Marie

I support amendment #2 to ban scrubbers. Cruise ships are polluting by discharging pollution laden waste water directly into the ocean. The cruise ship industry should show that they are committed to changing their polluting ways by agreeing to end the dumping of all scrubber wastes in Puget Sound. Puget Sound has had a welcome reprieve from the water pollution these ships create during the pandemic. We need to protect the marine ecosystem and that's why scrubber dumping cannot return to the Sound. I support amendment #2.
