

Sharon Kaylen

Please ban scrubbers. I support this amendment because I do not want toxic-laden waste water dumped into the ocean.

For many years I have been concerned about the pollution that cruise ships emit into ocean waters. In fact I have avoided taking cruises because the entire operation is so damaging to marine environments. This would be a good time for cruise companies get creative about ways to run a clean operation. It would be wonderful for people to be able to enjoy a cruise without contributing to damage to the ocean.
