

## Angela Carter

Hello, Please ban scrubbers from the Puget Sound and protect endangered orcas from fossil fuel waste.

We should always prioritize lives over profits. When we have the opportunity to help others and our planet we should jump at that with open arms. We need to fight back and demand more from corporations and individuals who are continuously showing that would put their wallet sizes before all of our lives.

We are at a critical time and if we do not start to **DO WHAT IS RIGHT BY ALL BEINGS AND OUR PLANET** we will not be able to come back from it. We need to start working with Nature and stop trying to control her. Again I ask you to ban scrubbers from the Puget Sound and protect endangered orcas from fossil fuel waste.

Ending our dependence on oil starts with entities such as yourself demanding more and doing better.

Thank you for your time. Do what is right by us all and for All.
