Marine ecosystem needs a healthy home to survive. The COVID-19 pandemic has been an ongoing tragedy on a global scale, but the resulting cessation of cruise vessel traffic in the Puget Sound has been a welcome reprieve from the water pollution these ships create. That's why scrubber dumping cannot return to the Sound. I support amendment #2. (My cruises so far have been limited to the Caribbean, but I'm looking forward in the next year or two to cruising by Washington in a clear, clean oceanic environment with its healthy orcas and otters!)
