

Kathy Bradley

I support amendment #2, to ban scrubbers in Puget Sound, to protect this precious inlet.

There is a yawning loophole that allows cruise ships to burn one of the dirtiest fossil fuels on earth - heavy fuel oil - by 'scrubbing' the exhaust and discharge the toxin-laden wastewater directly into the ocean. That's why I support amendment #2 to ban scrubbers.

This is a huge opportunity for the cruise sector to show that they are committed to changing their polluting ways by agreeing to end the dumping of all scrubber wastes in Puget Sound. Please approve amendment #2 and ban scrubbers.

The marine ecosystem needs a healthy home to survive. And humans need a healthy marine ecosystem to sustain all life on Earth. The COVID-19 pandemic has been an ongoing tragedy on a global scale, but the resulting cessation of cruise vessel traffic in the Puget Sound has been a welcome reprieve from the water pollution these ships create. That's why scrubber dumping cannot return to the Sound. I support amendment #2.
