

## Brett O'Sullivan

I am appalled with the huge loophole allowing cruise ships to burn one of the dirtiest fossil fuels on earth - heavy fuel oil.

It is not right they can 'scrub' the exhaust and discharge the toxin-laden wastewater directly into the ocean.

I strongly support amendment #2 to close this loophole and ban scrubbers.

The cruise sector needs to show their commitment to changing their polluting ways. They need to end the dumping of all scrubber wastes in Puget Sound.

Please approve amendment #2 and ban scrubbers.
