

Eileen Levin

I am writing in support of amendment #2 to ban scrubbers in Puget Sound

The loophole that allows cruise ships to burn one of the dirtiest fossil fuels on earth - heavy fuel oil - by 'scrubbing' the exhaust and discharge the toxin-laden wastewater directly into the ocean does terrible environmental damage

Marine ecosystems needs a healthy home to survive. The COVID-19 pandemic has been an ongoing tragedy on a global scale, but the resulting cessation of cruise vessel traffic in the Puget Sound has been a welcome reprieve from the water pollution these ships create. That's why scrubber dumping cannot return to the Sound. I support amendment #2.
