

Ruth Heller

Please support the upcoming amendment to the Puget Sound MOU to ban scrubbers from the Puget Sound and protect endangered orcas from fossil fuel waste. This would secure permanent protection for this high traffic inlet that is home to some of the most threatened marine species, like orcas and Chinook salmon. I have experience first hand the outstandingly delicate environment of Puget Sound and ask that you support this amendment that would protect it from harmful wastewater discharges as that delicate ecosystem struggles with the myriad of additional challenges presented by climate change.
