

## Andrew Johnson

Once nature is destroyed, we never get it back. Any business, the cruise ship industry included, needs to be 100% responsible for cleaning up and proper disposal of any refuse, trash, waste, or anything else being discarded no matter the location on the planet!!!! So, cruise ships MUST retain all waste water, human waste, or trash created while at sea and properly dispose of it once back in port!!!! NO DUMPING IN INTERNATIONAL WATERS!!!!!!!!!!!!
