

Daysha Deen

I lived in Bellevue Wa for 10 years. I owned a home there, worked and went to college there. I swam in LK Washington and boated all over Pusey Sound. These waters need to be protected from pollution. To many people and sea life depend on keeping these waters as clean from pollution as possible. These cruise lines need to be responsible for finding a way to keep there pollution level to a minimum. Do your part Cruise Ship Industry!
