Dear Chelsea,

I oppose the CAFO rules as drafted and concur with the comments of the Benton, Grant, Okanogan, Thurston, and Yakima County Farm Bureaus.

We need to work with those who raise livestock on a small scale providing locally sourced food. Applying CAFO standards to small operations, will be devastating to local food production and our overall food security.

Many rural families such as ours raise our own beef and chicken for personal consumption to help them save money and regulations would just add to this burden,

Ecology must recognize the work of the Voluntary Stewardship Program and local conservation districts. Instead of regulating, Ecology needs to encourage participation in these voluntary programs, proven to protect water quality.

Sincerely,

Rebecca Davidson
