

Michelle Torstvet

Dear Chelsea,

I oppose the CAFO rules as drafted and concur with the comments of the County Farm Bureaus. Our rules and laws need to be clear and concise. The rule as drafted is not. Small land owners who have a minimal number of livestock, for hobby, pets, and personal consumption, do not need to be regulated the same as large operations. Local conservation districts are effective. This proposed CAFO rule, is wrong and needs to be rewritten.
