2024 Phase II Western Washington Permit Comments:

- 1) S5.C5.e -Provide more information on the required assessment of PCBs, is this the permittee's responsibility to provide the assessment or the property owners?
- 2) S5.C9.e.i(f) -Provide more clarification on how a permittee can determine if a receiving water meets this definition. Does this requirement mean that all roadways within that MS4 basin need to be swept? Please consider Permittees adjacent to the Puget Sound shoreline and the scale of sweeping that will be required.
