

Jeff Sinker

This comment is in support of the proposed designation of Outstanding Resource Water for the upper Cascade River. The proposed section of the river is entirely within North Cascades National Park and the Mount Baker-Snoqualmie National Forest. No private lands are impacted and no areas are taken out of timber harvest.

Existing legal authority allows this proposed designation to become final and this is a modest step forward to protect the pristine waters of the upper Cascade River.

Sincerely,
Jeff Sinker
