

Ed Chad

My comments will be brief. I'm Ed Chadd, I'm a citizen of Clallam County.

And I just want to point out that every speaker we'd heard has an economic interest connected with the timber industry with the exception of the first speaker who's with the True Fruit Association and I find that to be of interest.

I also believe that one needs to take that into account when considering all of the comments that we've heard and I'm not saying that one should discount them but just that that's something that needs to be taken into account. I do plan to submit some written comments later thank you.
