PORTLAND OR 972

Dear Laura Watson / Ecology (anti-pollution projects)  
pollution control

24 AUG 2020 RM 2

My name is Kimberly

Kramer and I live in  
Kalama WA, the area that  
would be impacted by  
the Kalama Methanol refinery.

Actually one of the most  
beautiful spots by the  
river here is where you'd build.  
Please we need state climate, clean water, air
