

Mike Reuter

I am speaking here as an individual and not as the Mayor of Kalama.

Local employment being 200 permanent jobs and 1000 construction jobs and salaries of \$109,000?
Depends-

For emissions and safety, it is less than 115 permanent jobs and 560 construction jobs

Kalama SEPA documentation for emissions estimates. Table A.3, pg. 193/241 states there will be less than 100 jobs

In the FEIS App. GI. PDF pg. 45/84. For onsite populations and building categories;

(These numbers look like the actual employment numbers for a methanol refinery of this size)

Night 6

Total employment 114.8

In the Draft Supplemental Environmental Impact Statement, November 2018 Table 3.1 Pg. 124/241
Construction jobs 560

However, In the local newspapers, there are going to be 240 permanent and 1000 construction

employed.

President of methanol firm talks permits, jobs at EDC meeting Feb 27, 2014

Northwest Innovation says each plant would eventually employ 240 full-time workers and create more than 2,000 construction jobs. The city of Dalian is planning to build an 8 million metric ton storage tank for the product. The lowest-paid jobs would have salaries in the \$40,000 to \$50,000 range.

Northwest Innovation Works moving headquarters to Port of Kalama.

Marissa Luck Jan 29, 2015

Northwest Innovation says it expects to employ nearly 1,000 construction workers to build the Kalama plant and 240 permanent workers at full capacity.

And at Port Westward- the sister refinery of the Kalama refinery being proposed by the same company, and based on the same information, there are different numbers.

Crowd Gathers For Methanol Presentation by Deborah Steele Hazen

The Clatskanie Chief of Clatskanie, Oregon

In their interview last week with The Chief, the developers said that approximately 30 to 40 percent of the total 240 employees (120 per phase) would-be managers, chemists, and engineers, most of whom would be moving to the area. The rest would be hired locally. All of the jobs would be "good, family-wage jobs," meeting the state's definition of that term, Godley said.

Methanol company switches land options at Port Westward. Anna Del Savio Friday, May 10, 2019

The option agreement allows NWIW to produce methanol but prohibits the manufacturing of Liquid Natural Gas. The initial project "is expected to generate a minimum of 100 full-time equivalent jobs, but no less than 70 jobs," according to the amended option to lease agreement.

Other methanol refineries numbers prove the lower numbers, not the higher ones.

Natgasoline LLC is a green world-scale methanol production complex in Beaumont, Texas
108 permanent jobs.

Methanex plans up to \$1.4 billion methanol plant in Geismar -- it's third there JUL 19, 2019 -
Through the project, Methanex will create 62 new direct jobs,
