Hi, I'm Liz Page, I live in Beaverton, Oregon.

Right here and all over the globe, fires rage. Glaciers and polar ice steadily melt at alarming rates. Climate change is happening now. We are in a crucial time regarding the survival of humankind and life as we know it.

It is our serious responsibility now to outright reject any new fossil fuel infrastructure and we must deny the Kalama Methanol Refinery. Instead we must look to create jobs and careers within sustainable industries.

Please reject the Kalama Methanol Refinery. It shouldn't be built here or anywhere, and we must do our part to stop it.

Thank you.

Liz
